

Ken Silverman Mac Consultant

Mac Solutions

Lincoln California

- **Experience** - over 30 years; one of the first Apple approved vendors providing Macintosh duplication service.
- **Knowledge** - designed and developed databases. Advice on the right Mac product for your needs.
- **Troubleshooter** - able to quickly identify the problems and provide appropriate solutions.
- **Teaching** - in your home, office or in one of my educational workshops; my enthusiasm for the Mac will encourage you!
- **Networks** - in your home or office. Installations of high speed networks and routers for one or more computers.
- **Video & DVD** - conversions from your video tapes to DVD. Mastering and duplication services also available.
